OBJECTIVE

A motivated Information Technology student seeking opportunities to apply his skills in Software Development and Information Systems as a Junior Developer. He strives to the greatest ends of his capabilities in the services he provides as an extension of himself and the establishment he represents.

EDUCATION

North-West University | BSc Information Technology

2020 - 2026 (Final Year)

Relevant Coursework:

- System Analysis and Design
- Information Security
- Computer Networks
- Advanced Databases
- Data Structures and Algorithms
- Discrete Mathematics
- Financial Accounting
- Quantitative Analytics
- Operating Systems

Carleton Jones High School | National Senior Certificate

2014 - 2018

Subjects:

- English HL
- Mathematics
- Life Science
- Afrikaans FAL
- Physical Science
- Computer Applications Technology
- Life Orientation

CERTIFICATES

Mind Luster | Cloud Security Essentials

Completed: March 2024 | 19 Hours

Covered fundamental cloud security principles and introduction to incident response strategies for cloud-based infrastructures.

PROJECTS

North-West University | BSc Information Technology

Network Infrastructure Design and Implementation

Designed a business network using Cisco Packet Tracer for a simulated enterprise environment with multiple departments.

Configured VLANs, IP addressing, implemented access control lists(ACLs) and basic firewall rules to enhance network security.

Operational Database System

Designed and implemented a fully normalized relational database using Oracle SQL Developer for a business operations scenario.

Software Development (C# WinForms + Microsoft SQL Server)

Fund Distribution System

Built a desktop application to manage and track fund allocations across multiple organizational units.

Designed an intuitive WinForms interface with data validation and error handling.

Library Management System

Developed a complete library management system supporting book cataloging and member registration.

Created a relational database schema with foreign key constraints and referential integrity rules.

EXPERIENCE

References available on request.

Work-Integrated Learning (Job Shadowing) | North-West University

IT Service/Help Desk

Observed troubleshooting hardware and software issues for staff and students, logging tickets and escalating complex cases.

IT Infrastructure

Observed network monitoring procedures and learned best practices for maintaining uptime and security in a university environment.

Student Assistant | North-West University

Modules:

- ITSP111 - Introduction to Problem Solving
- ITSP121 - Introduction to Programming

Student Assistant Tasks:

- Conducting tutoring sessions.
- Grading formal assessments.

SKILLS

PROGRAMMING LANGUAGES

- SQL - Intermediate
- Python - Intermediate
- HTML - Intermediate
- CSS - Intermediate
- JavaScript - Intermediate
- C# - Intermediate
- C++ - Intermediate
- Java - Intermediate

DATABASES

- Microsoft SQL Server - Intermediate
- Oracle SQL Developer

SOFTWARE & TOOLS

- Google Forms
- Draw.IO
- Visual Studio
- Cisco Packet Tracer
- Microsoft Excel
- Microsoft Excel QM
- Microsoft PowerPoint
- Microsoft Outlook
- Microsoft Word

SOFT SKILLS

- Time Management
- Attention to Detail
- Analytical Thinking
- Teamwork
- Adaptability
- Problem Solving

ACTIVITIES

Professional Interests

Continuously enhancing technical skills through reading and developing projects on GitHub.

Personal Interests

Photography (Social Event Photography).

Content Creation (Educational and Entertainment Content).

Automotive Enthusiast.

Gym and Fitness (To maintain focus, discipline, and well-being).
